Outreach Report

Hey. I can't come to LICY tonight but my report is that I went to some meetings and outreached our events. All our flyers for the Luau and Campout are gone and many of our elections flyers are gone as well. At LISTS yesterday we had our new banner up. I got the info of people in Queens County who said we can present at their monthly meeting and share what LICYPAA is about. There's also someone involved in Alateen who said we can do some work with him. And finally someone named Lourdes who does Public Info who wants us to work with her. Here is the info I got yesterday: image
