Web Chair

Had a chance to make contact with the website committee for Suffolk General Service at their sub committee meeting on Friday. Suffolk General Service website has a section for each committee to have their own page on their website. What should we put on our SGS website page?

Revise "what is licypaa" document, and put a link to our website.

Suffolk General Service Liason

Went to the meeting and made a report. New accessabilities chair, will be beneficial to our AA community. Some members of LICYPAA might want to make contact with her. Aecessabilities@asuffolkgs.org

I also gave out LOTS of fliers for the campout, as well as some printed registration forms and directed others to the online form.

General Assembly is on September 14th at 8:15am. Free bus transportation available, with pickup on the LIE park and rides. I am going to make an effort to go.
